Liz,

I received your fax dated July 2, 2004. I am very puzzled by your letter and have 2 questions in response to it:

1) what is objectionable about Article 9? . As I have time and again maintained, Peoples is only responsible for acts or conditions that it caused. You have not specified what is so objectionable to Peoples acting responsibly. There is nothing further being imposed on Peoples than it is already liable for under basic legal principles.

2) why are you responding to John Koty, a consultant hired by RSI, to letters that I, an attorney for the Metropolitan Water Reclamation District, write to you? John Koty has absolutely no relationship with the District. I am quite baffled by this.
